VISION OF THE DEPARTMENT

To pioneer in the emerging areas of Computer Science and Engineering education and research, fostering innovation, ethical values, sustainable technologies that advance the digital world and improve societal well-being.

MISSION OF THE DEPARTMENT

- 1.Educational Excellence:**To provide a transformative learning experience that integrates theory with practical skills, fostering creativity, critical thinking, and lifelong learning in Computer Science and Engineering.
- 2.Innovative Research:**To promote research and interdisciplinary collaboration, addressing contemporary challenges in technology and society.
- 3.Sustainable and Ethical Practices:**To facilitate the development of sustainable technological solutions with ethical practices that positively impact the environment and society.
- 4.Industry and Society:**To build partnerships with industry and stakeholders, enhancing the employability and entrepreneurial spirit of students, while contributing to technological and societal advancement.

S.A. ENGINEERING COLLEGE – CHENNAI - 77

(Autonomous – Institute Level Research Centre, Affiliated to Anna University)

VISION OF THE INSTITUTE

To aspire excellence in Education and Research, in Engineering and Management, fostering conversion of knowledge, providing technologically sustainable solutions to industry and society adhering ethical values.

MISSION OF THE INSTITUTE

1.Education:To facilitate professional development and active learning and accelerate Engineering and Management transition to obtain admissible solutions

2.Research:To promote innovative, resourceful techniques in Industrial collaborative research utilizing cognitive skills.

3.Sustainable Solutions:To practice high standards of ethics and create a conducive atmosphere for multi-disciplinary sustainable solutions.

4.Industry and Society:To provide the core concepts of industrial values nurturing Industry - Institute Collaboration for the benefit of the student community and society.

S.A. ENGINEERING COLLEGE – CHENNAI - 77

(Autonomous – Institute Level Research Centre, Affiliated to Anna University)

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

PROGRAM EDUCATIONAL OBJECTIVES

PEO 1: Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research or as entrepreneurs.

PEO 2: Graduates shall work in a business environment with ethical standards, leadership qualities and communication necessary for engineering principles.

PEO 3: Graduates shall adapt to emerging technologies and respond to the challenges of the environment and society forever.

PROGRAM SPECIFIC OUTCOMES

PSO 1: Apply mathematical foundations, management principles and computational concepts to design and develop efficient solutions for complex technical challenges, adhering to ethical standards and sustainable practices.

PSO 2: Analyze and design computer programs in domains such as algorithms, networking, web development, cloud computing, IoT, machine learning etc., for the development of computer- based systems with varying levels of complexity providing practical, industry relevant solutions to meet societal and organizational needs.

S.A. ENGINEERING COLLEGE- CHENNAI-77

Autonomous-Institute Level Research Centre-Affiliated to Anna University

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

PROGRAM OUTCOMES (POs)

- PO1: Engineering Knowledge:** Apply knowledge of mathematics, natural science, computing, engineering fundamentals and an engineering specialization as specified in WK1 to WK4 respectively to develop to the solution of complex engineering problems.
- PO2: Problem Analysis:** Identify, formulate, review research literature and analyze complex engineering problems reaching substantiated conclusions with consideration for sustainable development. (WK1 to WK4)
- PO3: Design/Development of Solutions:** Design creative solutions for complex engineering problems and design/develop systems/components/processes to meet identified needs with consideration for the public health and safety, whole-life cost, net zero carbon, culture, society and environment as required. (WK5)
- PO4: Conduct Investigations of Complex Problems:** Conduct investigations of complex engineering problems using research-based knowledge including design of experiments, modelling, analysis & interpretation of data to provide valid conclusions. (WK8).
- PO5: Engineering Tool Usage:** Create, select and apply appropriate techniques, resources and modern engineering & IT tools, including prediction and

modelling recognizing their limitations to solve complex engineering problems.
(WK2 and WK6)

PO6: The Engineer and The World: Analyze and evaluate societal and environmental aspects while solving complex engineering problems for its impact on sustainability with reference to economy, health, safety, legal framework, culture and environment. (WK1, WK5, and WK7).

PO7: Ethics: Apply ethical principles and commit to professional ethics, human values, diversity and inclusion; adhere to national & international laws. (WK9)

PO8: Individual and Collaborative Team work: Function effectively as an individual, and as a member or leader in diverse/multi-disciplinary teams.

PO9: Communication: Communicate effectively and inclusively within the engineering community and society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations considering cultural, language, and learning differences

PO10: Project Management and Finance: Apply knowledge and understanding of engineering management principles and economic decision-making and apply these to one's own work, as a member and leader in a team, and to manage projects and in multidisciplinary environments.

PO11: Life-Long Learning: Recognize the need for, and have the preparation and ability for i) independent and life-long learning ii) adaptability to new and emerging technologies and iii) critical thinking in the broadest context of technological change. (WK8)

1.3 Indicate where the Vision, Mission and PEOs are published and disseminated among stakeholders (15)

(Describe where (websites, curricula, posters etc.) the Vision, Mission and PEOs are published and detail the process which ensures awareness among internal and external stakeholders with effective process implementation)

(Internal stakeholders may include Management, Governing Board Members, faculty, support staff, students etc. and external stakeholders may include employers, industry, alumni, funding agencies, etc.)

The Vision, Mission, and PEOs are displayed at:

- ✚ Department Main Entrance
- ✚ HoD and Faculty Rooms
- ✚ Laboratories
- ✚ Classrooms
- ✚ Attendance & Assessment Record
- ✚ Departmental notice boards.
- ✚ Department Library
- ✚ R&D Laboratory
- ✚ Department event posters

 **The Vision, Mission, and PEOs are disseminated in:**

- ✚ Institution website: www.saec.ac.in
- ✚ Department webpage <https://www.saec.ac.in/departments/cse/>
- ✚ Department Brochure
- ✚ Academic calendar and Newsletters.
- ✚ Curriculum & Syllabus

Name of the Stakeholder	Category of the Stakeholder	Significance of the Stakeholder
Faculty members	Internal	✚ Involves in curriculum development and establishing and assessing the attainment of POs, PEOs, PSOs and COs, PSOs ✚ Is accountable for the program's quality delivery and continuous improvement
Student Members	Internal	✚ Exist as the primary stakeholder ✚ Their knowledge acquisition demonstrates the program's success ✚ Their placement record and moving for higher studies also demonstrates the program's success ✚ Their feedback aids in the improvement of the program
Management Representative & Governing Board Members	Internal/External	✚ Involves in setting goals and objectives to achieve the vision of the institution.
Industry experts and recruiters	External	✚ They act as the subject matter experts while designing CSE curriculum ✚ They offer training programs to students and provide students with placements. ✚ Their feedback bridges the gap between industry expectations and institutional curriculum

BoS Experts	External	✦ Plays the key role on all aspects of curriculum design including teaching, learning, and regulation.
Alumni	External	✦ Aids in the development and expansion of the institution's brand through word-of-mouth marketing. ✦ Provides students with mentoring, internships, and career opportunities.
Parents	External	✦ Primary authority in allowing their wards to participate in the program. ✦ Have desires of good and quality education for their wards. ✦ Aspire for a decent job for their wards.

Table 1.3.2 Significance of the stakeholders

The Process of Ensuring Awareness among Stakeholders with Effective Process Implementation:

The Vision, Mission, and Program Educational Objectives (PEOs) of the Program are disseminated through a structured and multi-faceted process to ensure awareness among both internal and external stakeholders. The process involves displaying these statements in prominent locations such as the department main entrance, HoD's cabin, faculty rooms, laboratories, classrooms, notice boards, and the department library. Additionally, they are published on the institution's website, department webpage, department brochures, academic calendars, newsletters and curriculum documents. For internal stakeholders (faculty, students, and management), the Vision, Mission, and PEOs are communicated through course information sheets, laboratory manuals, and departmental magazines. For external stakeholders (industry experts, alumni, employers, and parents), dissemination occurs through Board of Studies (BoS) meetings, alumni day posters, placement drives, and parent-teacher meetings. The process ensures continuous engagement with stakeholders through feedback mechanisms, such as surveys and meetings, to refine and align these statements with stakeholder expectations. This systematic dissemination ensures that all stakeholders are well-informed and aligned with the department's goals, fostering a shared understanding of the institution's commitment to academic excellence, ethical standards, and societal contribution.

A few evidences of the dissemination of the vision, mission and PEO statements are Presented as the images below.

ABOUT THE INSTITUTION

S.A. Engineering College (Autonomous) was established by the Dharma Naidu Educational & Charitable Trust in the year 1988-89. The college is approved by AICTE New Delhi and affiliated to Anna University, Chennai, Tamil Nadu.

The college is well planned with 5 lakhs sq.ft. of constructed area which includes classrooms, drawing halls, laboratories, workshops and associated facilities. In recognition of quality system of high quality policy being implemented by the institution. The undergraduate programmes are accredited by the National Board of Accreditation (NBA), New Delhi and our institution is accredited by NAAC with 'A' Grade. The college offers 11 UG programmes and 6 PG programmes.

VISION OF THE INSTITUTION

To aspire excellence in Education and Research, in Engineering and Management, fostering conversion of knowledge, providing technologically sustainable solutions to industry and society adhering ethical values.

MISSION OF THE INSTITUTION

- 1. Education:**
To facilitate professional development and active learning and accelerate Engineering and Management transition to obtain admissible solutions
- 2. Research:**
To promote innovative, resourceful techniques in Industrial collaborative research utilizing cognitive skills.
- 3. Sustainable Solutions:**
To practice high standards of ethics and create a conducive atmosphere for multi-disciplinary sustainable solutions.
- 4. Industry and Society:**
To provide the core concepts of industrial values nurturing Industry – Institute Collaboration for the benefit of the student community and society.

ABOUT IEEE COMMUNICATIONS SOCIETY MADRAS CHAPTER

The IEEE Communications Society (Comsoc) Madras Chapter is part of the IEEE Madras Section, focusing on the dynamic field of communications and networking technologies. The chapter organizes a range of activities, including workshops, seminars, technical talks and collaborative events, aimed at fostering innovation and professional development in the communications domain.

ABOUT FACULTY DEVELOPMENT PROGRAM

The one week FDP on "National Education Policy and Outcome-based Education" is designed to offer the participants a comprehensive understanding of the OBE framework under NEP to produce innovative, competent and thoughtful individuals and to nurture the philosophy of Outcome-Based Education (OBE) and build the capacity and competencies of the faculty members in the teaching-learning system and other Academic Process of the University. This development and implementation of good academic processes in an institutionalized manner by involving all stakeholders for continuous improvement are paramount in assuring the quality of the programmes.

TOPICS TO BE COVERED

- SAR preparation with respect to TIER I (New Manual): Graduate Attributes and Professional Competencies Version 4.0 (GAPC V4.0)
- Group Activity: Formulating COs (Course Outcomes) & Mapping COs with POs and PSOs
- Rubric based Assessment
- Preparation of lesson plan and Teaching-Learning Process
- Problem Based Learning, Project Based Learning, Innovation & Research and Design Thinking
- NEP (National Education Policy) 2020 and Curriculum Implementation
- Documentation and its significance, E-Governance – LMS and IMS

KEY TAKEAWAYS OF THE FDP

- Understanding and Implementation of OBE
- Alignment with Accredited Standards
- Enhancing Teaching and Assessment Strategies
- Skill Development for Faculty
- Improved Student-Centric Approach
- Facilitating Holistic Development of Students
- Contribution to Institutional Growth
- Peer Collaboration and Networking

International Conference on Advances in Artificial Intelligence & Machine Learning in Big Data Processing (AAIMB-2023)

ABOUT THE ORGANIZING DEPARTMENT

The Department of Computer Science and Engineering was established in 1998-1999 with 40 students intake. It has been enhanced in the year 2012-2013 with 180 students. It is accredited by the National Board of Accreditation, affiliated with Anna University, Chennai. The Post Graduate program, M.E. Computer Science and Engineering, was established in 2006-2007 with an intake of 18 students. The Department has been recognized as a Research Centre by Anna University in the year 2015. The Department has a set up of advanced laboratory facilities like Intel Intelligence Lab, Cisco Networking Lab, Oracle Lab, IoT Lab, Cloud Computing Lab, Mobile Application Development and Big Data Lab. The Department of CSE has a well-equipped department library which is enriched with over 1438 books, 25 printed journals, 52 IEEE Journals and 114 DELNET Online Journals.

DEPARTMENT VISION & MISSION

VISION:

- To pioneer in the emerging areas of Computer Science and Engineering education and research, fostering innovation, ethical values, sustainable technologies that advance the digital world and improve societal well-being.

MISSION:

- **Educational Excellence:** To provide a transformative learning experience that integrates theory with practical skills, fostering creativity, critical thinking, and lifelong learning in Computer Science and Engineering.
- **Innovative Research:** To promote research and interdisciplinary collaboration, addressing contemporary challenges in technology and society.
- **Sustainable and Ethical Practices:** To facilitate the development of sustainable technological solutions with ethical practices that positively impact the environment and society.
- **Industry and Society:** To build partnerships with industry and stakeholders, enhancing the employability and entrepreneurial spirit of students, while contributing to technological and societal advancement.
