

**JUSTIFICATION OF PEO
MATRIX AGAINST
DEPARTMENT MISSION
ELEMENTS.**

Establish consistency of PEOs with Mission of the Department

PEO Statements	M1	M2	M3	M4
PEO1: Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research, or as entrepreneurs.	3	3	1	2
PEO2: Graduates shall work in a business environment with ethical standards, leadership qualities, and communication necessary for engineering principles.	3	1	3	3
PEO3: Graduates shall adapt to emerging technologies and respond to the challenges of the environment and society forever.	2	2	3	2

Table 1 Mission of the Department – PEOs matrix

Note: M1, M2. . . Mn are distinct elements of the Mission statement.

Enter correlation levels 1, 2 or 3 as defined below:

1: Slight (Low) 2: Moderate (Medium) 3: Substantial (High) *If there is no correlation, put "-" Note: Wherever the word "process" is used in this document its meaning is process formulation, notification to all the concerned, and implementation*

PEO1: Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research, or as entrepreneurs.

PEO Component	Component of Mission	Justification of Mapping
Professional competency in CSE	Educational Excellence (M1)	PEO1 emphasizes professional competency , which directly aligns with the mission's focus on transformative learning and practical skills . Graduates are equipped with the knowledge and skills to excel in their field.
Pursuing higher education, research, or entrepreneurship	Innovative Research (M2)	PEO1 supports the mission's goal of promoting research and interdisciplinary collaboration. Graduates are encouraged to pursue higher education and research, contributing to technological advancements.
Professional competency for employability and entrepreneurship	Sustainable and Ethical Practices (M3)	PEO1 indirectly supports ethical practices through professional competency, ensuring graduates adhere to ethical standards in their work.
Professional competency for employability and entrepreneurship	Industry and Society (M4)	PEO1 aligns with the mission's goal of enhancing employability and entrepreneurship , ensuring graduates are well-prepared for the workforce or entrepreneurial ventures.

PEO2: Graduates shall work in a business environment with ethical standards, leadership qualities, and communication necessary for engineering principles.

PEO Component	Component of Mission	Justification of Mapping
Ethical standards in a business environment	Educational Excellence (M1)	PEO2 emphasizes ethical standards , which directly aligns with the mission's focus on ethical standards and active professionalism . Ethical behavior is a cornerstone of professionalism, as highlighted in the mission.
Leadership qualities and communication	Innovative Research (M2)	PEO2 supports the mission's goal of developing sustainable solutions and upgrading society through ethical practices, leadership, and effective communication. These qualities are essential for contributing to societal development.
Ethical standards and leadership	Sustainable and Ethical Practices (M3)	PEO2 aligns with the mission's goal of enhancing employability and professional skills . Ethical standards, leadership, and communication are critical for professional success in engineering and business environments.
Professional skills for employability	Industry and Society (M4)	PEO2 supports the mission's goal of building partnerships with industry and enhancing employability. Graduates are equipped with the skills to thrive in a business environment.

PEO3: Graduates shall adapt to emerging technologies and respond to the challenges of the environment and society forever.

PEO Component	Component of Mission	Justification of Mapping
Adapting to emerging technologies	Educational Excellence (M1)	PEO3 indirectly supports the mission's focus on transformative learning through adaptability to emerging technologies. Graduates are prepared to stay updated with technological advancements.
Responding to societal and environmental challenges	Innovative Research (M2)	PEO3 directly aligns with the mission's goal of promoting research and addressing contemporary challenges. Graduates are trained to develop innovative solutions for societal and environmental issues.
Responding to societal and environmental challenges	Sustainable and Ethical Practices (M3)	PEO3 emphasizes responding to societal challenges , which aligns with the mission's focus on sustainable solutions and ethical practices . Graduates contribute to sustainable development.
Professional skills for adaptability	Industry and Society (M4)	PEO3 supports the mission's goal of contributing to societal advancement through technological adaptability. Graduates are prepared to address the evolving needs of industry and society.

e-mail: international@uwl.ac.uk

website: www.uwl.ac.uk

Thank you for choosing the University of West London. We are pleased to be able to offer you a **conditional** offer of a place to study on the programme outlined above.

UWL has a reputation for high-quality education closely linked to employment. We aim to inspire our students to become innovative professionals, connecting them to exciting and rewarding careers. Based in the heart of one of the UK's most successful business regions, the University has highly qualified staff with a wealth of experience in their respective disciplines and strong connections to their industries. Everything we do is designed to equip our students with both the academic knowledge and practical skills to succeed in their chosen careers.

Your offer is based on the following condition(s):

Please see info below

- **11000 GBP up-front tuition fee payment towards the International student fee listed below.**
- **Satisfactory character reference letter on a headed and dated paper non identical to the one already provided •**

Copy of the official degree certificate and all transcripts from the awarding University(Anna University) confirming a score of 2:2 or above

To secure your place on this programme, you must respond to this offer as soon as possible. To respond to the offer, please log into the Applicant Portal. Please do so within three weeks of receipt of this letter.

Should you accept the offer detailed above, you will be responsible for the associated tuition fee charges for the entirety of your course. The total fee payable for academic year 2023/24 is £14,750.00. If you think you may need help paying for your tuition fees, or would just like to see what you might be eligible for go to the 'Apply for funding' page in your applicant portal.

Re: Employment Appointment Letter

Dear Saran Menon P,

TAILOREDCARE INDIA PRIVATE LIMITED is pleased to have you as a Software Developer-Trainee on the following terms with your employment starting on January 25th, 2023.

As a Software Developer-Trainee, you will be responsible for product development, Product Testing and implementation, quality control, and technology development. This is a full-time position, and you shall devote substantially all your working time, attention, and energies to the business of the Company. Of course, the Company may change your position, duties, and work location from time to time at its discretion.

COMPENSATION PACKAGE ELEMENTS:

TAILOREDCARE INDIA PRIVATE LIMITED's benefits package includes a package of unique benefits including, a Provident Fund, a flexible remote working option, a flexible time off policy, and inspiring office space. An office environment that promotes innovation and collaboration with unlimited free coffee, tea, fruit, and snacks, as well as weekly events with free food/drinks and occasional company-sponsored travel. Upon completion of your first year of employment, subject to management approval, you will also be eligible for company-sponsored corporate retreat traveling packages.

As a Company employee, you will be expected to abide by Company rules and policies. As a condition of employment, you must sign and comply with the attached Employee Confidential Information and Inventions Assignment Agreement which prohibits unauthorized use or disclosure of the Company's proprietary information, among other obligations.

-----TAILOREDCARE INDIA PRIVATE LIMITED-----

of law. The Company shall pay all JAMS arbitration fees more than the administrative fees that you would be required to pay if the dispute were decided in a court of law. Nothing in this letter agreement is intended to prevent either you or the Company from obtaining injunctive relief in court to prevent irreparable harm pending the conclusion of any such arbitration.

This letter, together with your Employee Confidential Information and Inventions Assignment Agreement, forms the complete and exclusive statement of your employment agreement with the Company. It supersedes any other agreements or promises made to you by anyone, whether oral or written. Changes in your employment terms, other than those changes expressly reserved to the Company's discretion in this letter, require a written modification signed by an officer of the Company.

This letter is governed by the laws of the state of Missouri, without reference to conflicts of law principles. If any provision of this letter agreement is determined to be invalid or unenforceable, in whole or in part, this determination shall not affect any other provision of this letter agreement and the provision in question shall be modified to be rendered enforceable in a manner consistent with the intent of the parties insofar as possible under applicable law.

This letter may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act, or other applicable law), or other transmission method and shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

The working hours will be 10 a.m. to 7 p.m. The firm usually operates five days a week. Your managers will expect you to work the shift allotted to you.

This Work from home is subject to the employee satisfying the following conditions on a continuing basis:

- The employee shall perform all job duties at a satisfactory performance level.
- The employee's work schedule does not interfere with normal interactions with his/her supervisor, co-workers, or client.
- The employee's work schedule does not adversely affect the ability of other company employees to perform their jobs.
- The employee will remain accessible to co-workers scheduled to work during the company's business hours from 10 am to 7 pm.
- Employees who report to the office will follow general business hours 10 am -7 pm.
- Employees are expected to work for nine hours with a one-hour break.
- It is important to have a stable and reliable internet connection to prevent disruptions and delays during work hours. Please ensure that your internet service provider (ISP) is reliable and that your router and modem are functioning properly.

In your work for the Company, you will be expected not to use or disclose any confidential information, including trade secrets, of any former employer or other person to whom you have an obligation of confidentiality. Rather, you will be expected to use only that information which is generally known and used by persons with training and experience comparable to your own, which is common knowledge in the industry or otherwise legally in the public domain, or which is otherwise provided or developed by the Company. You agree that you will not bring onto Company premises any unpublished documents or property belonging to any former employer or other person to whom you have an obligation of confidentiality. You hereby represent that you have disclosed to the Company any contract you have signed that may restrict your activities on behalf of the Company.

As an exempt salaried employee, you will be expected to work additional hours as required by nature of your work assignments, and you will not be eligible for overtime compensation.

Your employment with the Company will be "at-will." You may terminate your employment with the Company for any reason whatsoever simply by notifying the Company one month prior. Likewise, the Company may terminate your employment at any time, with or without cause or advance notice. Your employment at-will status can only be modified in a written agreement signed by you and by an officer of the Company. While you are working as a full-time employee in T-Care you should not work elsewhere as a full time. This offer is contingent upon a reference check and satisfactory proof of your right to work in the United States. You agree to assist as needed and to complete any documentation at the Company's request to meet these conditions. The offer is valid after the successful completion of the confirmation Background Verification test.

To ensure the rapid and economical resolution of disputes that may arise in connection with your employment with the Company, you and the Company agree that any and all disputes, claims, or causes of action, in law or equity, including but not limited to statutory claims, arising from or relating to the enforcement, breach, performance, or interpretation of this letter agreement, your employment with the Company, or the termination of your employment, shall be resolved, to the fullest extent permitted by law, by final, binding and confidential arbitration conducted by JAMS or its successor, under JAMS' then applicable rules and procedures for employment disputes (available upon request and also currently available at <http://www.jamsadr.com/rulesemployment-arbitration/>). You acknowledge that by agreeing to this arbitration procedure, both you and the Company waive the right to resolve any such dispute through a trial by jury or judge or administrative proceeding. You will have the right to be represented by legal counsel at any arbitration proceeding. The arbitrator shall: (a) have the authority to compel adequate discovery for the resolution of the dispute and to award such relief as would otherwise be permitted by law; and (b) issue a written statement signed by the arbitrator regarding the disposition of each claim and the relief, if any, awarded as to each claim, the reasons for the award, and the arbitrator's essential findings and conclusions on which the award is based. The arbitrator shall be authorized to award all relief that you or the Company would be entitled to seek in a court

-----TAILOREDCARE INDIA PRIVATE LIMITED-----

As the payout of earned retention bonus is from 15th month onwards the pay-out will span across a year and/or across appraisal period.

The employee should be active and not on notice at the time of disbursement.

Justification of Mapping

Step 1: Mission Statements (M1–M4)

Code	Mission Element
M1	Educational Excellence: To provide a transformative learning experience that integrates theory with practical skills, fostering creativity, critical thinking, and lifelong learning in Computer Science and Engineering.
M2	Innovative Research: To promote research and interdisciplinary collaboration, addressing contemporary challenges in technology and society.
M3	Sustainable and Ethical Practices: To facilitate the development of sustainable technological solutions with ethical practices that positively impact the environment and society.
M4	Industry and Society: To build partnerships with industry and stakeholders, enhancing the employability and entrepreneurial spirit of students, while contributing to technological and societal advancement.

Step 2: Program Educational Objectives (PEOs)

Code	PEO Description
PEO1	Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research, or as entrepreneurs.
PEO2	Graduates shall work in a business environment with ethical standards, leadership qualities, and communication necessary for engineering principles.
PEO3	Graduates shall adapt to emerging technologies and respond to the challenges of the environment and society forever.

Step 3: PEO–Mission Correlation Matrix

PEOs / Mission Elements	M1 Educational Excellence	M2 Innovative Research	M3 Sustainable & Ethical Practices	M4 Industry & Society
PEO1	3	3	1	3
PEO2	2	1	3	3
PEO3	2	2	3	3

Scale:

3 – High correlation 2 – Medium correlation 1 – Low correlation 0 – No correlation

Step 4: Justification of PEO–Mission Matrix

PEO	Justification of Mapping with Department Mission
PEO1	M1 → Directly supports <i>Educational Excellence</i> by ensuring that graduates acquire strong theoretical knowledge and practical competencies through transformative learning experiences. M2 → Aligns with <i>Innovative Research</i> by encouraging students to pursue research and innovation for higher studies and entrepreneurship. M3 → Moderately linked to <i>Sustainable and Ethical Practices</i> as professional competency includes responsible design and deployment of technology. M4 → Strongly correlated with <i>Industry and Society</i> since it prepares graduates to contribute as competent professionals and entrepreneurs who strengthen industry-academia collaboration.
PEO2	M1 → Moderately related, as communication and leadership skills are part of holistic educational development.

PEO	Justification of Mapping with Department Mission
	M2 → Low correlation; while research is not the direct focus, leadership and teamwork may contribute to collaborative projects. M3 → Highly related to <i>Sustainable and Ethical Practices</i>, promoting integrity, ethics, and professional responsibility in a business environment. M4 → Strongly related to <i>Industry and Society</i> since it emphasizes leadership, communication, and professionalism within real-world organizational contexts.
PEO3	M1 → Supports <i>Educational Excellence</i> by encouraging lifelong learning and adaptability to emerging technologies. M2 → Related to <i>Innovative Research</i> as adaptation to emerging technologies involves embracing interdisciplinary advancements. M3 → Strongly correlated with <i>Sustainable and Ethical Practices</i>, preparing graduates to address environmental and societal challenges responsibly. M4 → Strongly linked to <i>Industry and Society</i> by motivating graduates to evolve with changing industrial and societal demands, thus ensuring continuous professional relevance.

Step 5: Summary of Correlation and Compliance

Mission Element	Contribution from PEOs	Coverage Level
M1 – Educational Excellence	Addressed by PEO1, PEO2, PEO3	High
M2 – Innovative Research	Addressed by PEO1, PEO3	Medium
M3 – Sustainable and Ethical Practices	Addressed by PEO2, PEO3	High
M4 – Industry and Society	Addressed by PEO1, PEO2, PEO3	High

Thus, all mission statements are well supported by the PEOs, demonstrating that the program's educational objectives are effectively aligned with the department's mission.

Step 6: Observations and Inference

- 1. The curriculum and co-curricular activities designed under the department focus strongly on Educational Excellence (M1) and Industry & Society (M4), ensuring employability and entrepreneurship.
- 2. Innovative Research (M2) is moderately covered through research projects, paper presentations, and final-year projects; continuous strengthening via funded projects and research internships is recommended.
- 3. Sustainability and Ethical Practices (M3) are effectively embedded through courses like Professional Ethics, Environmental Science, and societal outreach activities.
- 4. The mapping demonstrates comprehensive coverage of all mission elements by PEOs, with no major gaps in alignment.

Step 7: Final Summary Table

Mission Elements (M1–M4)	Description	Aligned PEOs	Overall Justification
M1	Educational Excellence	PEO1, PEO2, PEO3	All PEOs reinforce excellence through theoretical and practical skill integration, lifelong learning, and communication development.
M2	Innovative Research	PEO1, PEO3	Encourages graduates to pursue advanced studies, research, and adoption of new technologies addressing modern challenges.
M3	Sustainable and Ethical Practices	PEO2, PEO3	Promotes ethical, socially responsible, and environmentally conscious professional behavior.

Mission Elements (M1–M4)	Description	Aligned PEOs	Overall Justification
M4	Industry and Society	PEO1, PEO2, PEO3	Strengthens employability, entrepreneurship, and collaboration with industry, ensuring societal contribution.

Establish consistency of PEOs with Mission of the Department (10)
(Generate a "Mission of the Department – PEOs matrix" with justification and rationale of the mapping)

PEO Statements	M1	M2	M3	M4
PEO1: Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research, or as entrepreneurs.	3	3	1	2
PEO2: Graduates shall work in a business environment with ethical standards, leadership qualities, and communication necessary for engineering principles.	3	1	3	3
PEO3: Graduates shall adapt to emerging technologies and respond to the challenges of the environment and society forever.	2	2	3	2

Table 1.5 Mission of the Department – PEOs matrix

Note: M1, M2, . . . Mn are distinct elements of Mission statement. Enter correlation levels 1, 2 or 3 as defined below:

1: Slight (Low) 2: Moderate (Medium) 3: Substantial (High) *If there is no correlation, put "-" Note: Wherever the word "process" is used in this document its meaning is process formulation, notification to all the concerned, and implementation*

PEO1: Graduates shall have professional competency in the field of Computer Science and Engineering for pursuing higher education, research, or as entrepreneurs.

PEO Component	Component of Mission	Justification of Mapping
Professional competency in CSE	Educational Excellence (M1)	PEO1 emphasizes professional competency , which directly aligns with the mission's focus on transformative learning and practical skills . Graduates are equipped with the knowledge and skills to excel in their field.
Pursuing higher education, research, or entrepreneurship	Innovative Research (M2)	PEO1 supports the mission's goal of promoting research and interdisciplinary collaboration. Graduates are encouraged to pursue higher education and research, contributing to technological advancements.
Professional competency for employability and entrepreneurship	Sustainable and Ethical Practices (M3)	PEO1 indirectly supports ethical practices through professional competency, ensuring graduates adhere to ethical standards in their work.
Professional competency for employability and entrepreneurship	Industry and Society (M4)	PEO1 aligns with the mission's goal of enhancing employability and entrepreneurship , ensuring graduates are well-prepared for the workforce or entrepreneurial ventures.

PEO2: Graduates shall work in a business environment with ethical standards, leadership qualities, and communication necessary for engineering principles.

PEO Component	Component of Mission	Justification of Mapping
Ethical standards in a business environment	Educational Excellence(M1)	PEO2 emphasizes ethical standards , which directly aligns with the mission's focus on ethical standards and active professionalism . Ethical behavior is a cornerstone of professionalism, as highlighted in the mission.
Leadership qualities and communication	Innovative Research(M2)	PEO2 supports the mission's goal of developing sustainable solutions and upgrading society through ethical practices, leadership, and effective communication. These qualities are essential for contributing to societal development.
Ethical standards and leadership	Sustainable and Ethical Practices(M3)	PEO2 aligns with the mission's goal of enhancing employability and professional skills . Ethical standards, leadership, and communication are critical for professional success in engineering and business environments.

07-Jan-2022

Rishi R
B.E. Computer Science
SA Engineering College, Chennai

Dear Rishi R,

Further to our Letter of Intent / Offer for the position of Programmer Analyst Trainee / Programmer Analyst aligned to the hiring category and in response to your subsequent confirmation for Internship Program with us, we are pleased to offer you an Internship with us for a period of 3 to 6 months, starting Dec 2021.

During this period, you will be provided with a stipend of INR 12,000 per month equated to the planned duration of the Internship curriculum and will be paid only subject to successful completion of milestones as defined in the curriculum prior to the monthly stipend processing window for a given month based on your performance and attendance.

Actual commencement of Internship dates and duration would be shortly communicated to you and the internship would be based on the business demand aligned to your skill tracks.

Though Cognizant Internship being a pre-requisite skill and capability development program, it does not guarantee employment. However, the successful completion of internship will form a critical part of your employment with Cognizant if an opportunity arises in future.

You will undergo a learning curriculum as per the learning track assigned to you. The learning path will include in-depth sessions, hands on exercise and project work. There will also be series of webinars, quizzes, SME interactions, mentor connects, code challenges, assessments etc. to accelerate your learning. The outcome during Internship would be monitored through formal evaluations.

Prior to joining on the rolls of Cognizant, you must have successfully completed the prescribed Internship program. In the event of unsatisfactory Internship, Cognizant reserves rights at its sole discretion to revoke its employment offer.

Please also note that:

- The Internship timings would be for 9 hours per day from Monday through Friday aligned to the working timings followed in Cognizant
- Interns are covered under Cognizant's calendar holidays of the respective location of internship and you would need to adhere with minimum attendance requirements. Prior approvals are must towards any unavoidable leave or break requests during the program.
- There would be zero tolerance to plagiarisms and misconduct during the internship. Any such incident reported will lead to immediate cancellation of Internship without any notice.
- You would be required to ensure timely completion and submission of assignments, project work and preparation required prior to the sessions.
- You may be required, to travel to other locations within India if there is a business need as per your internship program
- Cognizant reserves rights regarding IT infra as applicable and access to information and material of Cognizant during the Internship period and may modify or amend the Cognizant GenC program terms and conditions from time to time
- Stipend payment will be done for the prescribed Internship Curriculum period only and no additional payment will be done for any delay in completion.
- Attendance and successful completion of Milestone(s) are the eligible factors for processing stipend payment and tenure spent will not guarantee your monthly stipend payment.

Rishi R
Bangalore

Subject: LETTER OF OFFER

Dear Rishi,

We thank you for your interest in discussing an opportunity to be part of Just Dial Ltd.

Based on the discussions with you, we are pleased to offer you to the position of **Software Engineer**. You will be on probation for a period of six months from your date of joining which will be on or before **05-12-2022**.

The annual compensation calculated on Cost to Company will be **INR 540000/-**. In addition to this, you will be eligible for a performance linked Variable Pay / Performance Bonus up to a maximum of Rs.60000 per annum, payable on Yearly basis.

Your place of posting will be **Bangalore**.

It may be noted that the Company reserves the right to withdraw / postpone / cancel the Offer / joining at its sole discretion for any reason, which is beyond its reasonable control.

As a part of your joining formalities, a complete verification of your identity documents and your background would be done. On successful submission and verification of your documents and background checks, you shall be issued a Letter of Appointment from the company.

In case any of the verifications turns out to be negative at any point of time, your appointment with the organization shall be terminated with immediate effect.

For the Offer to be valid you are requested to confirm your acceptance of the Offer by clicking on the Offer link which has been emailed to you & also sent on your registered mobile number. After the electronic acceptance of the Offer letter, Company may ask you to submit the duly signed hard copy of the letter to Just Dial's office.

We look forward to your joining the **JUST DIAL** Team and wish you a long and fulfilling career with the organization.

For Just Dial Limited

Madhulika Singh

Regional Head - Human Resources
